

Like No Tomorrow: Music and lyrics by Brittany Jean

Painted the walls a perfect pink
Two hours settin' up a swing
That smile on your face said it all
Every day a little closer
Only made it to October
Seven months into the fall

The tide came in
And the ship went out
The sky caved in
And we lost our lighthouse

Little sparrow,
Fly like no tomorrow
Leave this storm behind
Just know that you were mine
Sparrow, fly
Like no tomorrow

Covered the walls in summer gold
Took the swing down for no one to hold
My heart broke across the kitchen floor
Wishin' now I never asked for more

The tide came in
And the ship went out
The sky caved in
And we lost our lighthouse

Little sparrow,
Fly like no tomorrow
Leave this storm behind
Just know that you were mine
Sparrow, fly
Like no tomorrow

Today the walls are ocean blue
No one knows but me and you
I'm so scared to lose again
But you hold me close and we dance again

Sparrow, fly--fly like no tomorrow
Leave this storm behind
Just know that you are mine
Sparrow--I will love you like no tomorrow
Sparrow, fly like no tomorrow
Like no tomorrow
