

The Edge of Wave and World:

Lyrics by Jenelle Leanne Schmidt (from *Minstrel's Call*), music by Brittany Jean

Surround me with horizon over rippling waters blue
For though, my dear, I love thee, my heart is only true
To adventure of the seas and the mournful mermaid's songs
Upon the ocean's wild waves is where my soul belongs

Surround me with horizon over rippling waters blue
For though, my dear, I love thee, my heart is only true
To adventure of the seas and the mournful mermaid's songs
Upon the ocean's wild waves is where my soul belongs

Though her winds may rage and toss my ship about
I will remain forever loyal and devout
Chasing my ocean love with every sail unfurled
Until I die or safely come to the edge of wave and world

I'll follow her forever, my one and only love
Guided by her waves and the constant stars above
I'll sail far away with her to strange uncharted lands
And beg my lover rest me there upon her nameless sands

Chasing my ocean love
Until I die or safely come to the edge of wave and world
